Director of Facilities
Indian River County School District
6055 62nd Ave
Vero Beach, Fl. 32966

RE: J. A. Thompson Baseball Field. (Indian River Sports Complex Inc.)

Dr. Mr. Westenberger,

Indian River Sports Complex would like to thank the School Board of Indian River County for partnering with us in the effort to provide a quality youth baseball program to the Indian River County community. The J. A. Thompson Baseball Field behind Rosewood Magnet School over the years has played a large part in the development of young baseball players in Vero Beach. The School Board of Indian River County has been very generous in its lease agreement of the facility to Indian River Sports Complex and the help of \$3200.00 and we look forward to a great future together.

Additionally, Indian River Sports Complex, along with its volunteers, provides the maintenance for the grounds at J. A. Thompson including, but not limited to mowing, herbicides, fence restoration, building repairs, and general upkeep in and around the baseball field.

Indian River Sports Complex Inc. is requesting that the School Board of Indian River County continue to assist with some of the utility costs at J. A. Thompson Field. The annual contribution of \$3,200.00 by the School Board pays for the lights at J. A. Thompson Field, and frees up player fees and sponsorship monies to cover the other costs of running the program and helps us fund some under privileged youth in registering and helping them with gloves, helmets and the other equipment needed to play Baseball. In return, Indian River Sports Complex will continue to maintain the overall facility, allow for School teams and events to use our facilities, and to promote a family fun environment for our student athletes and residents.

Thank you, and we look forward to your continued partnership and support.
Indian River Sports Complex Inc.
